Mission Statement

UCI's mission is to train public safety divers to be highly competent, certified, professional Underwater Criminal Investigators.

Real Evidence

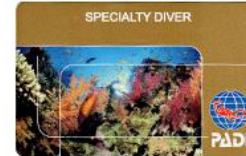

UCI is the only training company in the world that integrates **real missions** recovering **real criminal evidence** as part of the training program.

Did you know? UCI recovers thousands of dollars' worth of evidence each year during training!

Certifications

Certification is an essential part of any professional program. Students receive two certifications for every course taken:

- 1) UCI certification for their professional Public Safety Diver training portfolio.
- 2) PADI (Professional Association of Diving Instructors) certification, which contributes directly to their overall diving portfolio.

UCI certifications **NEVER** expire and are recognized worldwide.

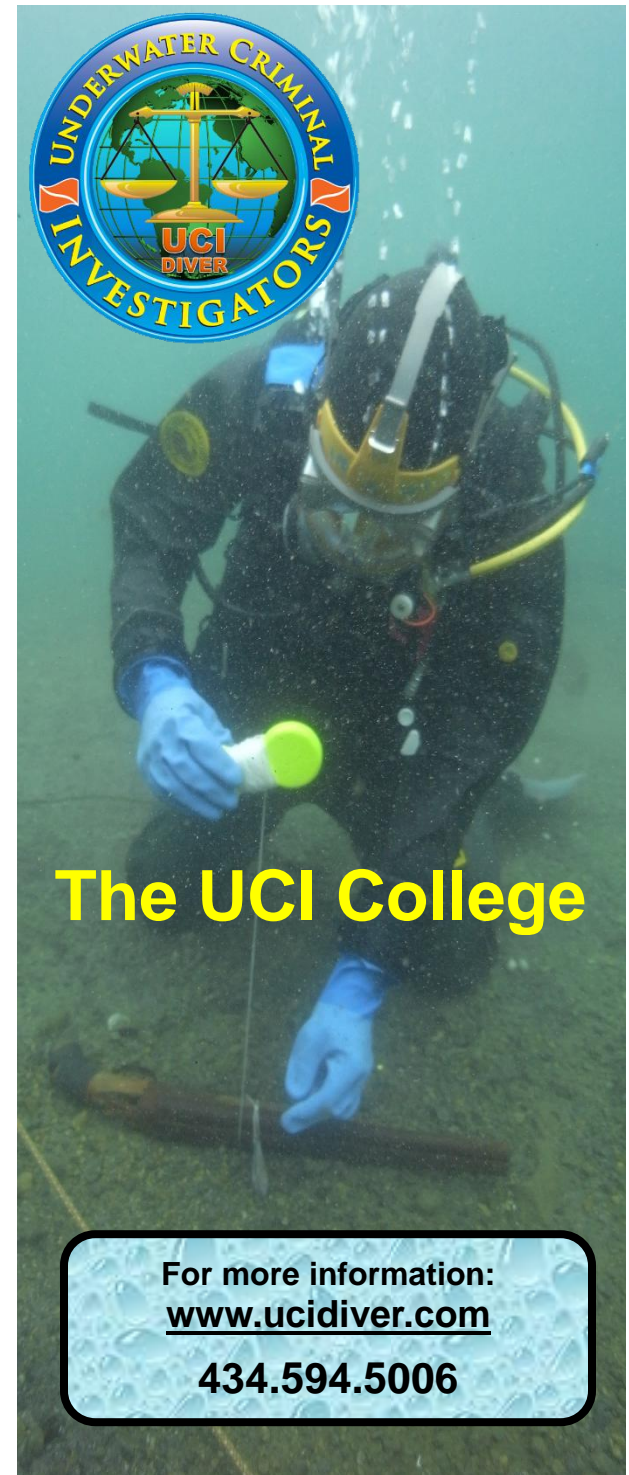

UCI Instructors

Unlike other PSD training companies, UCI does not mass produce our instructors. UCI Instructors are specifically chosen based on their:

- * **QUALIFICATIONS**
- * **EXPERIENCE**
- * **INSTRUCTOR SKILLS**

The unique thing about UCI Instructors is...

"Not Everyone Can Be One"

The Master PSD course is for those public safety divers who have completed the entire UCI College program and have been trained as Full-face Mask and Dry Suit Divers. These individuals have reached UCI's highest level of professional performance.
